

Installing TestNav from Software Center (2020-2021 SY)

Press the Windows key or click the Windows icon in your Task Bar and type “Software Center” and then open the app.

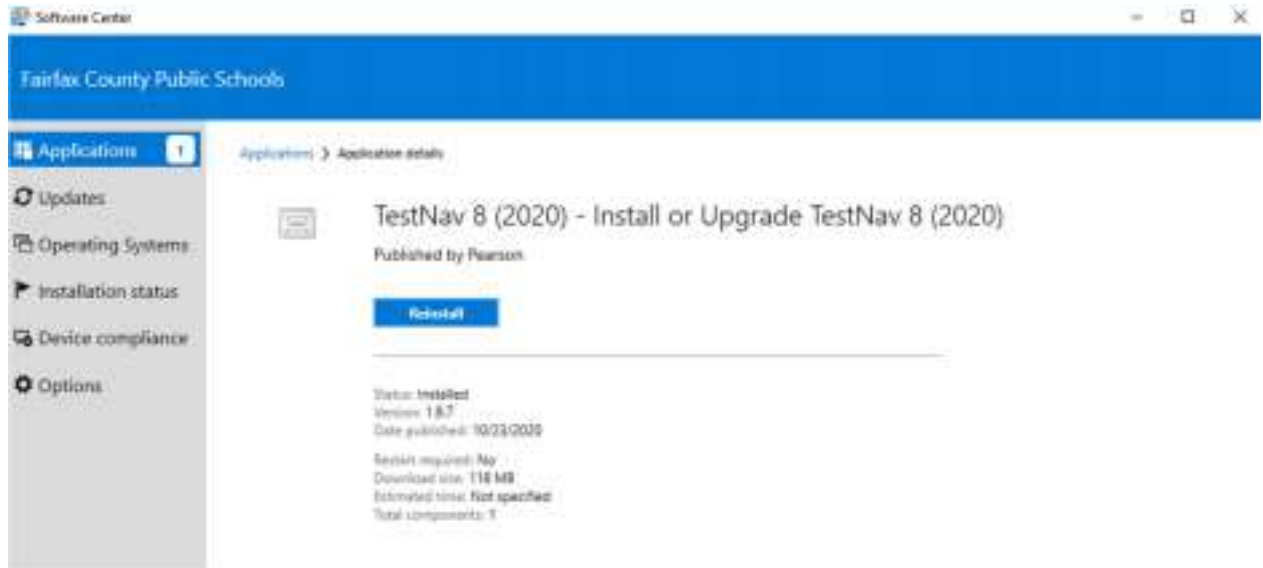

Click on TestNav 8 (2020)

Click the blue “Install” button.

After clicking on the Install button, the computer will download and install the software. There are no other actions required by the user. After the download and install completes the user will see a screen like the one below and they can close Software Center.

Users will notice a new TestNav icon on their desktop.
